ASSOCIATED FEATURES ~~3474 (2)~~ 3508, 3507, 3506, 3521
~~3508 probably~~

ASSOCIATED FINDS Bone

COMMENT Possibly same as 3474 (2), although could represent an intervening use of a surface within the pit fill. Does not have a pitched appearance, unlike other large slabs within 3474 (2)

PHASING 4.8.89: the lower slab now looks as though it might have formed the N. wall of the Dark Age (?) structure 3508/7/6
Dk. Age?
