COMMENT

*Is this the backfilled material from a obbling of 7565 along this stoch? 7565 being absent here.*

*This is probably the same as rubble immediately above called 7574 in error for mapping finds 17/8/86. M.M.*

*26-8-86: 7622 seems to be a slip from 7593: both have identical rubble - much of which is burnt*

*4a or 4b?*
