Proved definite with full excavation.
? Possible it forms a line with 7708, 7296 and a fourth hole between these two, under 7269 material not removed for lack of time, or a circle with 7286, 7708, 7717 and 7718, or a square with 7286, 7717 and 7718.

Englehouse. Soil sample: it seems probable that Sup. no. 585 is from this feature, 7265, and not from 7262 as shown on the card and in the finds book.
