SAMPLE Type: SNAIL, SOIL + CHEM. Nos. 760, 761, 772.

EXCAVATOR Ian + Alan RECORDER RPN.

ASSOCIATED FEATURES 7244, 7242, 7416 (G17)

ASSOCIATED FINDS charcoal

COMMENT Possible posthole — definite.

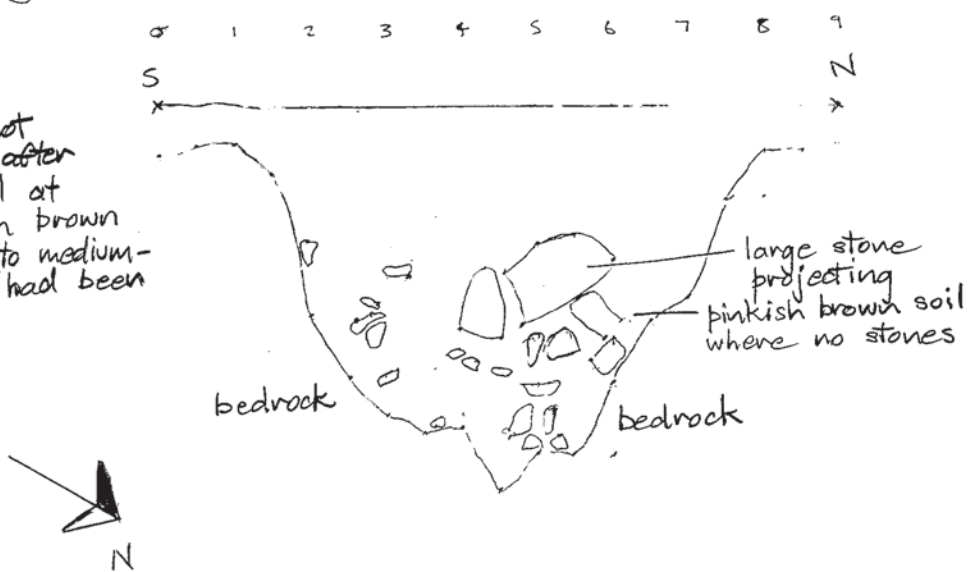

Some of the fill had been removed before the feature was recognised, and then I forgot to section it. The fill was pinkish brown soil with stones of various sizes, a number of small and medium-sized ones burnt, several of these tumbling down the e.s.e. side.

PHASING

? Earlier I.A. — one of the postholes of the fourposter.

N.B. This was not sectioned until after some of the fill at the top - pinkish brown soil with small to medium-sized stones - had been removed.
