CONTEXT F 1959...

CUTTING K99..... CO-ORDINATES: East..... North.....

DATE EXPOSED ..... DATE COMPLETED .....

DESCRIPTION Posthole?

Appeared as a possible post-hole after the removal of layer ② with suitably tilted stones and a cluster of burnt material. A number of burnt stones in "fill" and some tilted ones that might have been packing stones, but no proper edges found, nor a

COMMENT

No apparent fault in undisturbed bedrock 60cm to South. Very close, however to the base of a large bush on the K99/K1 divide. Too close to F1954 to be connected with it. Doubtful post-hole.

DESCRIPTION

PHASING flat base, many roots.

Fill: medium brown earth and stones of all sizes. Chipples at bottom.
